# 1200

The 1200 series from Tracked Carriers is the ideal all-round carrier. At just 750mm wide the 1200 R and 1200 PRO models can fit through most doorways, and with a substantial 1,200kg maximum capacity the uses are endless.

Tracked Carriers **R** models use state-of-the-art technology whilst being simple to operate, reliable and easy to maintain.

**PRO** models offer increased features such as gradient-monitoring, information feedback and a smart auxiliary output, ideal when increased safety measures are required or powered attachments make the job easier.

| FEATURES                                 | R MODEL | PRO MODEL |
|--|---------|-----------|
| Efficient direct AC electric drive       | ●       | ●         |
| Fully proportional remote control        | ●       | ●         |
| Maintenance free AGM batteries           | ●       | ●         |
| Hazard lights front and rear             | ●       | ●         |
| Switchable motion alarm                  | ●       | ●         |
| On board diagnostics                     | ●       | ●         |
| Adaptable and extendable platform        | ●       | ●         |
| LCD information screen on remote control | —       | ●         |
| Smart auxiliary output socket            | —       | ●         |
| Automatic gradient/speed monitoring      | —       | ●         |
| Non-marking tracks                       | ○       | ○         |
| Wide range of attachments                | ○       | ○         |

○ = Optional ● = As Standard

| DIMENSIONS | Width overall (A)          | 750mm  |
|------------|----------------------------|--------|
|            | Width of bed (B)           | 740mm  |
|            | Length of bed/overall (C)  | 1120mm |
|            | Length extended (D)        | 1700mm |
|            | Height (E)                 | 360mm  |
|            | Track width (F)            | 150mm  |
|            | Track length on ground (G) | 800mm  |
|            | Ground clearance (centre)  | 60mm   |

| CAPACITIES     | Max capacity on level ground | 1200kg |
|----------------|------------------------------|--------|
|                | Max capacity at max gradient | 300kg  |
|                | Max gradient                 | 45°    |
|                | Max side slope               | 30°    |
|                | Max speed                    | 3km/h  |
| Unladen weight | 340kg                        |        |

| POWER | Power (max)      | 2.4kW     |
|-------|------------------|-----------|
|       | Voltage          | 24V       |
|       | Battery capacity | 115Ah     |
|       | Charger input    | 110V-230V |
